7. West Hennepin Public Safety – Director Gary Kroells: Presentation of the June 2022 Activity Report.

Chief Kroells shared the West Metro Drug Task Force is extremely busy and successful - actively building cases and is one of the most successful DTF in Hennepin County. Members include: 1 WHPS, 2 HC Sherriff Dept (supervising), 1 Minnetrista, 1 Medina, and 1 Orono. They've been active since 2004 after completing a 2003 case study. Mayor Johnson recalled when it began, they filled the community room with all the drugs. Gary: 10 years ago, we were proud of a minimum number and now we need 10lbs to feel excited about it because of the amounts available. Cocaine is making a big comeback in MN and the Midwest. McCoy: asked what's driving that. Kroells: Availability. It's easier to come across the borders. Crossing into US from Mexico and is more expensive than Meth. Legalizing Marijuana cuts into the Mexican cartels supply chain so they're increasing their efforts to make others like Meth and making it cheaper to maintain their profit margins. Johnson: Several years ago, the HS were a hotbed. Is that still true recently? Kroells: MJ & TCH/vaping is, especially now that the state legalized TCH gummies. These are starter drugs, and they move up from that. McCoy: Gummy issue in schools yet? Kroells: It's not well-regulated and the interpretation "anyone can sell gummies". It's not licensed- so it's not needed to sell. Kaltsas: Cities' attorneys can weigh in and cities can make their own restrictions. So ordinances will need to be brought before the council. McCoy: After spending millions on "anti-smoking," this should not be overlooked. Betts: Can anyone overdose on them? Kroells: 10mg TCH can be too much, even for an addict. Shared from a person's testimony: A CO legal dose (MN-eating 2 to equal it) impacted someone making them feel like their legs were not working. Tobacco use is not a crime, only attempting to buy at a store if underage. Betts: What does not interact well with TCH (life-threatening)? Kroells: IDK but some medical benefits exist but there are worries. McCoy: noted "take 1 at a time" vs. smoking tobacco which

they don't just smoke 1. Whatever if printed on the package, doesn't mean anything.

342 Incidents: 253- Independence & 89- Maple Plain. See the full report for more details.

WHPS may be down 1 squad after a pursuit. Lastly mentioned, Officers took their time to calm people down and deescalate helping those struggling. A suicidal male report. Johnson: Several suicidal reports were mentioned. What happens when taking them to hospitals? Kroells: Hospitals do their best, but Drs release if they're found not to be harmful to themselves. Rarely do they stay there long and are returned home. Mayor thanked the West Metro Drug Task Force and WHPS.

8. 2022 Chip Sealing Bid Award: Discussion and Consideration of Awarding to Lowest Bidder.

Kaltsas: Annually or biannually, we have an adopted 5-year plan that looks at various aspects of our roads. Franklin Hills, McKown Ct, Woodhill Ln and Becker Rd – we will look to update that next year for the next 5 years. We only received 1 bid this year and a written statement from another saying that they couldn't get it done this year. Pearson Bros, \$1.25 last year up to \$1.65. We budgeted \$50k for roads annually. We are a couple thousand over but will reduce somewhere else to maintain budget. We had issues with sweepings last year and we will inspect and make sure to get granite chips up. Johnson: Do we always use rollers with overlays? Kaltsas: Yes. Johnson: We will send out notification letters to the property owners to let them know when we will do this project. Kaltsas: We are required to have more than one bid, but we have documentation saying that the other bid cannot get it done. Johnson: With the increased gas prices, I'm surprised the bid wasn't higher.

Motion by Spencer, seconded by McCoy to accept and approve the Pearson bid for chip sealing the streets. Ayes: Johnson, McCoy, Betts, Spencer, and Grotting. Nays: None. Absent: None. Abstain: None. MOTION DECLARED CARRIED.

9. Discuss August 2, 2022, City Council Meeting Time to Facilitate Attendance at Night to Unite.

Kaltsas: Anticipating 2 or maybe 3 routine items for the 8-2-2022 CC mtg and since Night to Unite is the same night, he proposed moving up the time so councilors could attend gatherings. Sometimes we can't accommodate with our time schedules. Johnson: A previous year's host was also concerned as they're on the agenda. Kroells: 12 parties are already registered. 7 already in Independence; more are likely coming. Police and Fire Depts usually meet here 4:30-4:45 and roll to those by 5:30-5:45pm. Johnson: Pointed out that McCoy is the Fire Chief and would prefer to attend. McCoy agreed. Betts: We can't change to a different day, right? McCoy: Kaltsas: I'll limit to 2 items. Normally we have elections to contend with, but this yr. elections are on 8/ 9.

Moved by McCoy, seconded by Spencer to move the starting time of the August 2nd City Council Meeting to 5pm. Ayes: Johnson, McCoy, Betts, Spencer, and Grotting. Nays: None. Absent: None. Abstain: None. MOTION DECLARED CARRIED.

The City will publish in the papers and notify the Planning Commissioners.

10. Discuss on Funding Community Park Garden Maintenance Updates

Christian Eichers would like to fix vandalized kiosk and replace a few plants. Kaltsas: We have funding. Eichers didn't yet give a budget amount. Suggest it's \$1k or less. Minus Plexiglass which Gary will help monitor since we have cameras installed. No donuts have been seen and cameras are fully functioning now. Johnson: We want to keep the park looking nice. Eichers won't always be available to work on it, so

this reduces time that Public Works spends there.

**Moved by Spencer, seconded by Betts to allow spending up to \$1,000 for replanting in the park.
Ayes: Spencer, Grotting, McCoy, Betts, Johnson Nays: None. Absent: None. Abstain. None. MOTION
DECLARED CARRIED.**

Staff to reach out to Eichers

11. Open/Misc.

12. Adjourn.

Motion carried by Betts, second by Spencer to adjourn the meeting at 7:13pm.

Respectfully Submitted,
Linda Johnson / Recording Secretary

Recommendation:

It is recommended that the City Council approve appointing the one additional listed election judge.

City of Independence

Request for a Variance from the Requisite OHWL Setback for the Property Located at 4986 South Lake Shore Drive

<i>To:</i>	City Council
<i>From:</i>	Mark Kaltsas, City Planner
<i>Meeting Date:</i>	August 2, 2022
<i>Applicant:</i>	Patti Good
<i>Owner:</i>	Patti Good
<i>Location:</i>	4986 South Lake Shore Drive

Request:

Patti Good (Applicant/Owner) requests that the City consider the following actions for the property located at 4986 South Lake Shore Drive, Independence, MN (PID No. 24-118-24-11-0001):

- a. A variance allowing a reduced setback from the OHWL permitting the construction of a screened deck to be constructed in place of the existing legal non-conforming open deck on the subject property.

Property/Site Information:

The subject property is located at 4986 South Lake Shore Drive. The existing home is a legal non-conforming structure that does not meet all of the current setback requirements. There is an existing home and detached accessory structure on the subject property.

Property Information: 4986 South Lake Shore Drive
Zoning: *Rural Residential (Shoreland Overlay)*
Comprehensive Plan: *Rural Residential*
Acreage: *1.0 acres (43,560 square feet)*
Impervious Surface Maximum: *25% (10,890 square feet)*

Discussion:

The applicant submitted a building permit application seeking approval to rebuild the existing deck in its current location and to enclose a portion of the existing deck with a new screen porch. It was identified that the existing deck does not meet applicable setbacks from the OHWL and is considered a legal non-conforming structure. The City discussed the potential options (variance) with the applicant and noted that the existing deck can be rebuilt in its current location as long as no expansion or intensification of the deck occurs.

The applicant decided to move forward with an application for a variance from the OHWL to allow the existing deck to be reconstructed generally in its current location with a small expansion (69 SF) to allow a new stairway and a portion of the deck to be covered/screened. The City has historically considered variances for properties located in the Shoreland Overlay district that are substandard lots of record. The City currently allows an “administrative variance” from the requisite standards by acknowledging lots of record that were in existence prior to 1982. For

these lots, the City allows all requisite setbacks to be reduced by 40% for substandard lots of record. In this particular situation, there is no location attached to the rear (lakeside) of the home that would accommodate any expansion or intensification.

The subject property is considered a substandard lot of record in accordance with the City's Shoreland Ordinance Section 505.15.

505.15. Substandard lots. Lots of record in the office of the county register of deeds or registrar of titles prior to December 1, 1982, which do not meet the requirements of this section 505, may be allowed as building sites provided:

(a) such use is permitted in the zoning district;

(b) the lot of record is in separate ownership from abutting lands, and can meet or exceed 60% of the lot area and setback requirements of this section; and

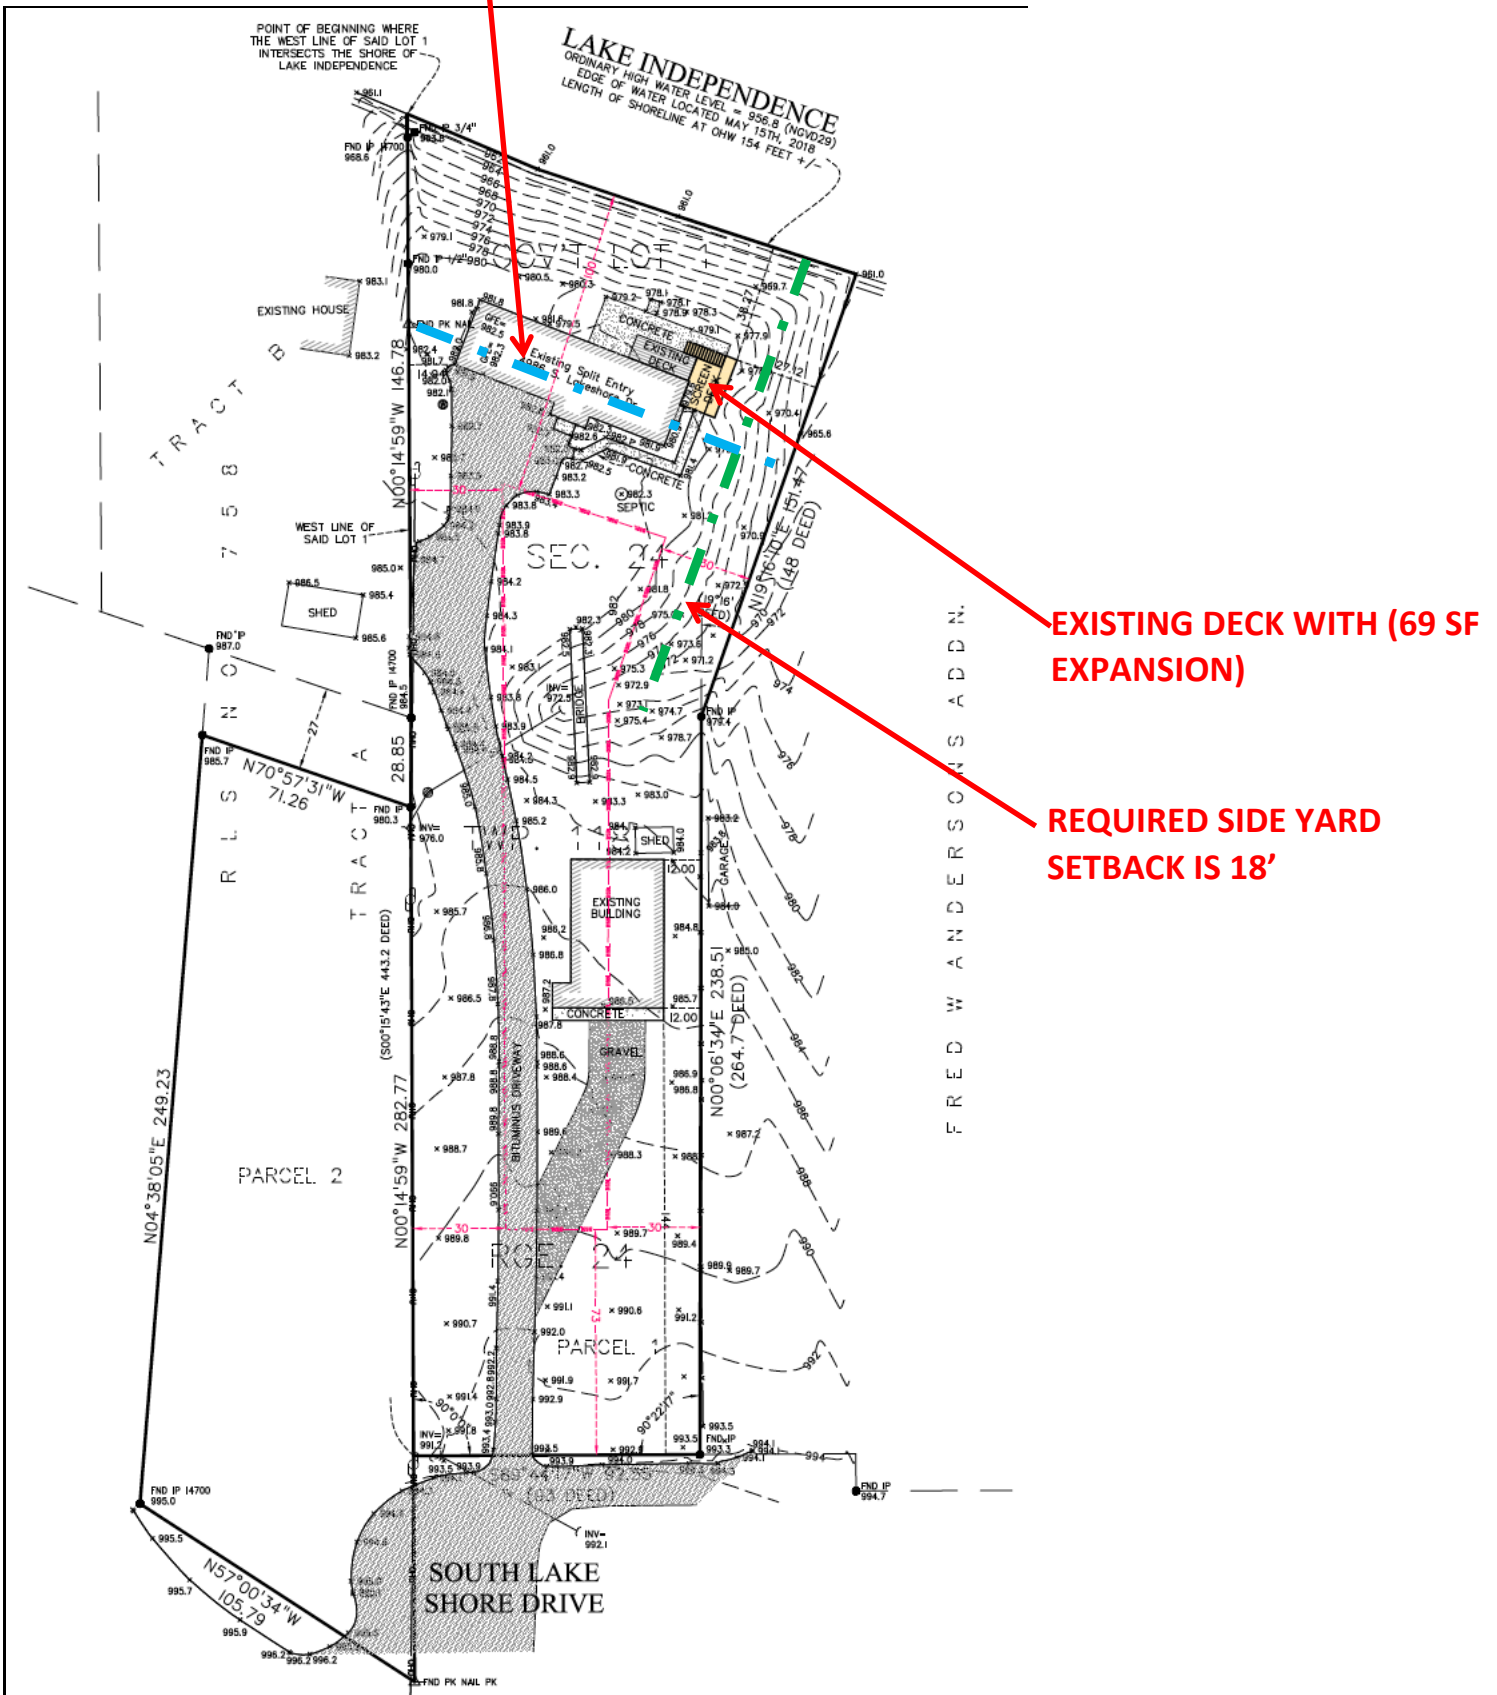

(c) all requirements of section 705 of this code regarding individual sewage treatment systems are complied with.

Setbacks for properties located in the shoreland ordinance are as follows:

Subd. 2. Lot standards.

	Unsewered Areas			Sewered Areas		
	NE Waters	RD Waters	Tributary Streams	NE Waters	RD Waters	Tributary Streams
Lot Area	2.5 acres	2.5 acres	2.5 acres	1.0 acre	1.0 acre	1.0 acre
Water frontage and lot width at building line	200 ft	200 ft	200 ft	125 ft	100 ft	100 ft
Structure setback from ordinary high water mark	150 ft	100 ft	100 ft	150 ft	100 ft	100 ft
Structure setback from roads and highways	85 ft from centerline or 50 ft. from right-of-way, whichever is greater					
Structure height limitation	35 ft	35 ft	35 ft	35 ft	35 ft	35 ft
Maximum lot area covered by impervious surface	25%	25%	25%	25%	25%	25%
Sewage system setback from ordinary high water mark	150 ft	75 ft (RR) 150 ft (AG)	75 ft (RR) 150 ft (AG)	125 ft	75 ft	75 ft

**REQUIRED OHWL
SETBACK IS 60'**

OHWL Setback:

Required: 60 feet

Provided (Existing and Proposed): 38'

In addition to the setback requirements, properties located in the shoreland district can have a maximum impervious surface coverage of 25%. This property would be permitted to have a maximum impervious surface coverage of 10,890 square feet. The current property exceeds the allowable amount by 645 square feet. This is an existing condition that is considered to be legal non-conforming. The applicant has noted that they also own the adjacent vacant property and have calculated impervious surface coverage based on the total of both lots. The proposed screen deck would not increase the impervious coverage on this property. The applicant has prepared an analysis of the impervious surface area for this property. The existing and proposed impervious surface calculations are provided as follows:

Existing Hardcover

Lot Area	= 63,952	S.F.
House Area	= 1,678	S.F.
Structure Area	= 1,488	S.F.
Bituminous Area	= 5,804	S.F.
Deck Area	= 355	S.F.
Gravel Area	= 1,457	S.F.
Concrete Area	= 753	S.F.
Total Area	= 11,535	S.F.
Coverage = 18.04 %		

Proposed Hardcover

Lot Area	= 63,952	S.F.
House Area	= 1,678	S.F.
Structure Area	= 1,488	S.F.
Bituminous Area	= 5,804	S.F.
Deck Area	= 424	S.F.
Gravel Area	= 1,457	S.F.
Concrete Area	= 753	S.F.
Total Area	= 11,604	S.F.
Coverage = 18.14 %		

There are several factors to consider relating to granting a variance. The City's ordinance has established criteria for consideration in granting a variance.

520.21. Standards for granting variances. Subdivision 1. The City Council may grant a variance from the terms of this zoning code, including restrictions placed on nonconformities, in cases where: 1) the variance is in harmony with the general purposes and intent of this zoning code; 2) the variance is consistent with the comprehensive plan; and 3) the applicant establishes that there are practical difficulties in complying with the zoning code (Amended, Ord. 2011-08)

Subd. 2. An applicant for a variance must demonstrate that there are practical difficulties in complying with the zoning code. For such purposes, "practical difficulties" means:

- (a) The property owner proposes to use the property in a reasonable manner not permitted by the zoning code;*
- (b) the plight of the property owner is due to circumstances unique to the property not created by the landowner;*
- (c) the variance, if granted, will not alter the essential character of the locality.*

Economic considerations alone do not constitute practical difficulties. Practical difficulties include, but are not limited to, inadequate access to direct sunlight for solar energy systems. (Amended, Ord. 2011-08)

Subd. 3. The City Council shall not grant a variance to permit a use that is not allowed under the zoning code based on the zoning classification of the affected property. (Amended, Ord. 2011-08)

520.23. Conditions and restrictions. The board of adjustments may recommend and the City Council may impose conditions on a variance. Conditions must be directly related to and must bear a rough proportionality to the impact created by the variance. (Amended, Ord. 2011-08)

Consideration of the criteria for granting a variance:

- a. Residential use of the property is consistent with the Rural Residential District. The applicants are seeking a variance that is generally consistent with similar variances granted for properties in this area.
- b. Each property in this area is non-conforming and typically requires relief from certain setbacks. The City will need to determine if the requested variance is unique to this property.
- c. The character of the surrounding area is residential. The proposed single-family home is in keeping with the City's comprehensive plan.

There are several additional items that could be considered by the City:

1. Many of the surrounding properties have been granted relief from the requisite setback requirements due to the small size of the properties, unique lot layouts resulting from the historic nature of the structures on the properties and the change in nature of the homes from seasonal to permanent.
2. The neighboring property owner to the east has submitted a letter in support of the requested variance.
3. The proposed screen porch would be covering an area that has historically been used as a deck. The overall structure would not be moving closer to the OHWL.
4. There is limited visibility to the portion of the deck that would be screened from adjacent properties due to the heavy tree coverage.

Ultimately the City will need to find that the aforementioned criteria for granting a variance have been met by the applicant.

Planning Commission Discussion and Recommendation:

Planning Commissioners reviewed the request and asked questions of staff and the applicant. Commissioners asked for clarification on the existing versus proposed setbacks. The setbacks were noted by staff. Commissioners noted that the proposed deck rebuild and screen porch addition would not increase the encroachment towards the lake. Commissioners found that the

existing home was constructed prior to the adoption of the current standards and as a result there was no reasonable way that the applicant could make any changes to the existing home and deck without a variance. Commissioners recommended approval of the variance to the City Council with the findings and conditions noted within this report.

Public Comments:

The City received one written letter from the adjacent property owner to the east. Several residents have stopped in or called City Hall to obtain additional information relating to the requested variance. There was one verbal comment from an adjoining property at the public hearing that was in favor of the City granting the variance.

Recommendation:

The Planning Commission recommended approval of the request for a variance to the City Council with the following findings and conditions:

1. The proposed Variance request meets all applicable conditions and restrictions stated in Chapter V, Section 520.19, Procedures on variances, in the City of Independence Zoning Ordinance.
2. The City finds that the criteria for granting a variance have been met by the applicant and specially that:
 - a. The applicant is proposing to use the property in a manner consistent with the Rural Residential Zoning District.
 - b. The character of the surrounding area is rural residential. The proposed reconstruction of the existing deck and addition of a covered screen deck is in keeping with the character and types of use found on surrounding properties.
 - c. The location of the existing and proposed deck/screen deck on the property and in relation to surrounding properties along with the existing vegetation will aid in mitigating potential impacts of the proposed screen deck.
3. The variance will allow a deck and associated screen porch to be constructed/reconstructed in accordance with the approved plans attached hereto as Exhibit B. No portion of the deck shall be located closer than 38.27 feet from the OHWL of Lake Independence.
4. Any future improvements made to this property will need to be in compliance with all applicable standards relating to the Rural Residential and Shoreland Overlay zoning districts. No expansion of the home/ garage or impervious areas will be permitted without an additional variance request.

5. The Applicant shall pay for all costs associated with the City's review of the requested variance.

- Please note that the general restrictions for the subject property may have been amended through a city process. We could be unaware of such amendments if they are not in a recorded document provided to us. We recommend that a zoning letter be obtained from the Zoning Administrator for the current restrictions for this site.
- We have not received the current zoning classification and building setback requirements from the insurer.
- Utilities:** We have shown the location of utilities on the surveyed property by observed evidence only. There may be underground utilities encumbering the subject property we are unaware. Please note that we have not placed a Gopher State One Call for this survey. There may or may not be underground utilities in the mapped area, therefore extreme caution must be exercised before any excavation takes place on or near this site. Before digging, you are required by law to notify Gopher State One Call at least 48 hours in advance at 651/454-0002.

Re 4986 S. Lakeshore Drive

To the City of Independence and/or whom it may concern:

Our address is 4976 S. Lakeshore Drive. We have discussed with the Goods of 4986 S. Lakeshore Drive their plan to replace their deck with a screened porch on the footprint of the deck, near our lot line. A porch will not obstruct our views, nor do we have any other objection to their project.
