	<b>Environment and Natural Resources Trust Fund Renewal</b>	<b>Approval of Capital Project Levy Authorization for Technology</b>
	Shall the Minnesota Constitution be amended to protect drinking water sources and the water quality of lakes, rivers, and streams; conserve wildlife habitat and natural areas; improve air quality; and expand access to parks and trails by extending the transfer of proceeds from the state-operated lottery to the environment and natural resources trust fund, and to dedicate the proceeds for these purposes?	The board of Independent School District No. 883 (Rockford Area Schools) has proposed a capital project levy authorization in the amount of 4.2289% times the net tax capacity of the School District. The proposed authorization would raise approximately \$900,000 for taxes payable in 2025, the first year it would be levied, and would be applicable for ten (10) years unless otherwise revoked or reduced as provided by law. The estimated cost of the projects to be funded over that time period is approximately \$9,000,000. The proposed authorization will provide funds for the acquisition and maintenance of technology and technology systems, and the payment of technology-related personnel and training.
